GREEN SLEEVES

Working to an interiors scheme inspired by the English countryside, Jessica Halvorsen decorated her home near Robertson in the NSW Southern Highlands with vintage wares and natural hues. Much of the furniture, including the Canvas + Sasson Mayfair bedside table, was sourced from her Halvorsen Interiors online store. "I wanted to create country charm with lots of little beautiful details, so it was visually interesting and full of character," says Jessica. The wall painted in Dulux Pozieres, bedding from Society of Wanderers and L&M Home, Ave.nue 101 lamp and artwork by local artist Jeannie Dolan certainly see to that. *Visit halvorseninteriors.com.au*
